Sorry. The Action Memo didn't appear to be attached with the financial estimate document.

Good Afternoon:

Attached is the revised NFB Action Memo. Revision suggestions from J. Daloia and M. Pane have been incorporated. Lyndsey and I have reviewed the Action Memo start to finish. The attachments are now part of the document. All that is missing is filling in the costs. That financial excel file is attached and needs management review on current calculation percentages. Please disregard all other drafts of both the Action Memo

and the financial calculations.

I am not sure of the procedure but I do believe Val is supposed to review for formatting and number consistency once RAB/RPB management signs off.

Please let me know if there are any questions.

Regards,

Eric
